Forefront Research Areas

Sl. No.	Department	Forefront Areas
1	Civil Engineering	• Structural Engineering • Geotech Engineering • Construction Management • Water Resource Engineering • Transportation Engineering
2	Computer Engineering	• Data Mining • Image Processing • Machine Learning • Cyber Securing • Operating System & Algorithms
3	Electronics & Telecommunications Engineering	• Wireless Sensor Network • Image Processing • VLSI & Embedded System • Wireless Communication • Video Processing • Digital System
4	Mechanical Engineering	• Design • Entrepreneurship • Heat Power • Innovation & Creativity • Thermal Engineering
5	Engineering Sciences	• Nano science & Nano technology • Hetero junction thin film solar cells • Fixed Point Theory • Image Processing • Geometric Functions Theory
